The Babel event is not only the origin of language diversity, but it also forever changed humans - varying both our cultures and outward appearances. This event also completes the preview of salvation history hidden in plain sight in Genesis 1-11. At Babel, God foreshadowed how He will conclude his dealings with humans on Earth and bring about the climax of his plan of salvation at the end of salvation history.

Join us for a closer look at this major event to see why the Tower of Babel is the End of the Beginning.
